

# RLB CRANE INDEX®

2019

7th EDITION

## DOHA

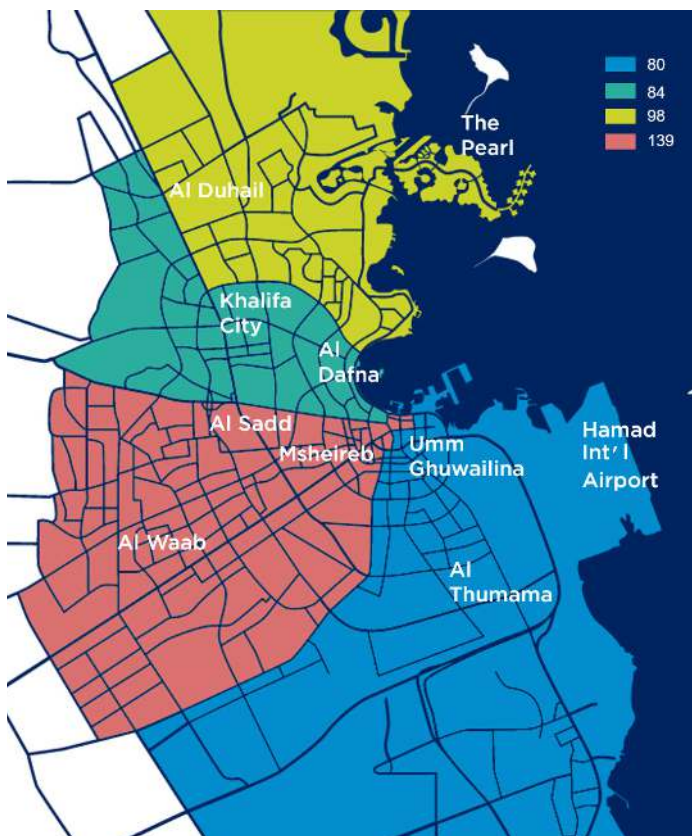

In its 7th edition, the 2019 RLB Crane Index® identified a total of 401 cranes across Doha. Despite an overall drop in crane count by 14%, the government continues to invest in retail and recreation sectors for economic diversification and projected increase in population and tourists.

The civil sector has seen a drop in crane numbers reflecting the progress and completion of a number of road and transportation projects around the capital in preparation for the FIFA 2022 World Cup.

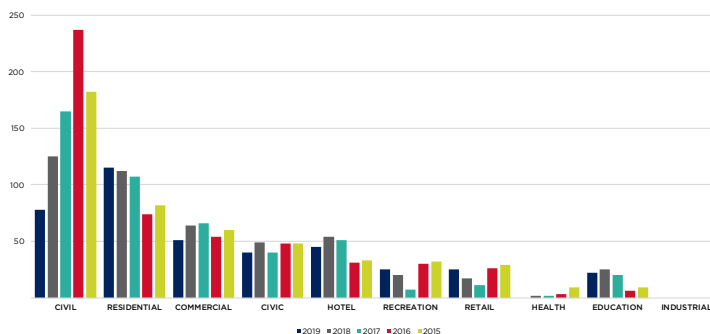

The commercial sector has seen a decrease in crane count and the residential sector shows stability in count movement as the market reaches saturation.

### 2019 CRANE INDEX SUMMARY

#### KEY SECTORS

### KEY CONSTRUCTION SECTOR CRANE MOVEMENTS

	2019	2019%	+/-	2018	2018%	MVT 2018-2019

INDUSTRIAL	-	-	-	-	-	-
<b>TOTAL</b>	<b>401</b>		<b>-67</b>	<b>468</b>		<b>-14%</b>

### ABOUT THE RLB CRANE INDEX®

Rider Levett Bucknall is a leading independent organisation in project management, cost management, dispute resolution and development advisory services. Our RLB Crane Index® is published biannually in Australia, New Zealand, USA, Gulf States and Southern Africa. The index tracks the number of fixed cranes yearly in selected centres of Doha providing a simplified measure of the current state of the construction industry's workload.
